CE205
Lecture 7 Activities

1. **Construct inverted index for the following collection of documents**
2. **Construct positional inverted index for the following collection of documents**

Doc 1 Bob writes a poem for Helen.

Doc 2 Bob who reads a book loves Helen.

Doc 3 Who does Bob believe Helen loves.

Doc 4 Bob knows a poem is a nice present.

Solution 1: Inverted Index

Find unique terms, normalize and merge them, and sort them in ascending order. You will get

Term	Document Frequency	Postings
believe		
bob		
book		
helen		
know		
love		
nice		
poem		
present		
read		
who		
write		

Doc 1 Bob writes a poem for Helen.

Doc 2 Bob who reads a book loves Helen.

Doc 3 Who does Bob believe Helen loves.

Doc 4 Bob knows a poem is a nice present.

Solution 2: Positional Inverted Index

Term	Collection Frequency	Postings with positional information
believe		
bob		
book		
helen		
know		
love		
nice		
poem		
present		
read		
who		
write
